

# IGET ONE 12000 Puffs Guide

## Strawberry Kiwi Ice Edition

ozvapeshops.com

### Introduction

---

The **IGET ONE 12000 Puffs** represents the next evolution in disposable vape technology. Available now at [ozvapeshops.com](https://ozvapeshops.com), this device is engineered for those who demand longevity, consistency, and a superior sensory profile. This guide outlines the operational features and technical advantages of the Strawberry Kiwi Ice model.

### Operational Modes

---

The device features a unique dual-mode system, allowing users to customize their experience based on preference.

- **Regular Mode (12,000 Puffs):** Designed for longevity and smoothness. This setting optimizes the power output for a milder draw and maximum endurance, making it perfect for daily use.
- **Turbo Mode (9,000 Puffs):** Designed for intensity. This setting increases power to the 0.6  $\Omega$  Dual Mesh Coil, resulting in warmer vapor, a stronger throat hit, and denser clouds.

### Smart Display Interface

---

Unlike standard disposable vapes, the IGET ONE features a curved color screen with a sci-tech backlight. This provides essential real-time data:

1. **Battery Status:** Monitor your power levels instantly.
2. **Capacity Monitor:** Track the remaining internal essence to avoid dry hits.
3. **Mode Indicator:** clearly displays whether the device is in Regular or Turbo mode.

### Sensory Profile: Strawberry Kiwi Ice

---

The Strawberry Kiwi Ice profile is crafted using *Pure Taste Technology* to ensure zero artificial aftertaste.

- **Top Note:** Sun-ripened, sweet strawberry.
- **Heart Note:** Tangy, citrus-bright kiwi.
- **Base Note:** Crisp, cooling ice finish.
